Hello Mr. Ortiz,

This is a follow-up to the email complaint sent on 5/31/18 by you to Sharon Mathis regarding painting activity on property where you reside.

Your email was forwarded to our regional office for review and potential action.

Our lead-based paint enforcement staff reports the following:

“I had received the complaint from Isaac Ortiz on 5/7/18 and in response we have sent out a warning letter to the company he identified in his complaint. That letter went out certified mail on 5/17/2018.

Complainants/tipsters do not get a copy of our letter. They have the right to file a FOIA request, though.”

If you would like to obtain a copy of the warning letter sent by our office the following link will take you to the Freedom of Information Act (FOIA) website where you can submit your request.

<https://www.epa.gov/foia>

The US EPA Pacific Southwest lead-based paint website can be found at this link:
